Summary

AI-focused B.Tech student specializing in Artificial Intelligence with hands-on experience building AI-powered and full-stack applications using Java, Python, Flask and Django. Strong problem-solving mindset and passion for developing practical software solutions.

Education

Parul Institute of Engineering and Technology	2023 – 2027
Bachelor of Technology (B.Tech)	
Harvest Senior Secondary School	2021 – 2023
12th	
Harvest Public School	2020 – 2021
10th	

Technical Skills

Languages: Java, Python

Frameworks & Libraries: Flask, Django, NumPy, Pandas, Seaborn

Databases: SQL, MongoDB

DevOps: Git, GitHub

Development Tools: VS Code, IDE Proficiency, Version Control

Core Competencies: DSA, DBMS, OOP, Operating Systems, Prompt Engineering, Full-Stack Development, AI Integration

Projects

Flash News Web Application | Flask, HTML, CSS, JavaScript

- Developed a dynamic news platform with categorized news content and real-time updates.
- Implemented search functionality and dynamic content loading.
- Designed responsive frontend pages and improved accessibility.
- Integrated REST APIs to fetch live news data and ensured smooth user experience.
- Optimized performance for faster load times and seamless navigation.

SymptoCare | Python, Random Forest, Pandas, NumPy, Flask/Django, HTML, CSS, SQL

- Developed a healthcare application for symptom analysis and disease prediction.
- Used Pandas and NumPy for preprocessing and healthcare datasets.
- Implemented Random Forest algorithm for disease prediction.
- Built AI-based prediction workflows and optimized performance.
- Integrated a secure database for storing user inputs and prediction history.

Experience & Internships

Frontend Intern – DigitalBhem

- Completed frontend internship and developed Hotel Booking Management System.
- Built responsive user interfaces and worked on debugging/testing workflows.
- Collaborated with team members and used version control for code management.
- Learned and applied modern frontend development practices, enhancing problem-solving and teamwork skills.

Achievements

- Adobe India Hackathon Participant – Adobe & Unstop
- Elite Hack 1.0 Global Hackathon Participant
- Tata Imagination Challenge 2025 Quiz Participant
- Aptitude Quiz Competition Participant – KIOT & Unstop
- Certified in Problem Solving (Basic) – HackerRank

Certifications

- AWS – Fundamentals of Machine Learning and Artificial Intelligence
- LinkedIn Learning – Learning Data Science: Understanding the Basics
- Simplilearn – OOPs in Java
- Simplilearn – Business Analytics with Excel
- MongoDB Atlas Training – MongoDB
